TO: All District Administrative Coordinators  
All District Coordinators  
All District Fiscal Agents  
All District Planning Council Members  
All District Planning Oversight Committee Members  
All District Response Task Force Commanders  
All Emergency Management Directors

From: Randal A. Collins  
District Services Branch Director, Field Division  
Indiana Department of Homeland Security

Subject: 2010 District Training

### Purpose

The purpose of this Information Bulletin is to communicate training courses that will be provided in support of districts and associated District Response Task Forces in order for districts to better plan for their own identified training needs.

### Caveat

The following courses are still tentative. In most cases, Request for Proposal processes and / or contracting processes are still underway and IDHS may have to adjust course offerings depending on these processes being solidified. The following are provided as an estimate at this time. Official training course schedules will be produced and updated once vendors are established.

### Logistics

IDHS will provide lodging at regional based training for persons living farther than 50 miles from the training venue. Minimal lodging will be provided at district based training for students living further than 50 miles from the training venue. IDHS will not provide overtime/backfill or mileage costs. Districts that desire such reimbursements need to gain the approval of their District Planning Council and request such funding from district direct allotment grants.

### District Based Training

The following courses will be provided for each district at a location within each district in 2010.
